

# ICE MACHINE

FREQUENCY/TIME	1. MONTHLY - (allow 30 minutes) When its not busy.	TOOLS	Clean cloth, container, ice scoop, latex gloves
PERSONAL PROTECTIVE EQUIPMENT (PPE)	Latex gloves	CHEMICALS	All Purpose Cleaner - Ecolab

Wipe down ice well using warm water and a clean cloth. Avoid using chemical. Turn machine off and empty cubes into ice well.

Wear latex gloves. Using a fresh clean cloth and warm water, wipe down the inside of the machine, walls, edges, bottom and flaps (be careful when wiping the flaps as these can break easily).

Spray All Purpose Cleaner and wipe unit, edges and in between the grids.

Turn machine back on and return ice cubes back to the machine
